

Dummy Load 10W

Features:

- *High IMD, suitable for indoor & outdoor
- *strong structure, small size
- *Strict process control
- *High reliability, stability
- *Dust, water, shock, lightning strike resistance

Specification :

Name	GW-DF-SNW-10-3
Frequency Range	800-2700 Mhz
VSWR	≤1.20
Protection Level	IP65
Power Capacity	Average: 10W
Impedance	50Ω
RF Connector	N-Male
Size(L*W*H)	φ35×58
Max Weight	90g
Operation Temperature	-55℃~+85℃
